

Corrosion Symposium 2011

Topic: The Cleveland Chapter of ASMI will be offering a one-day technical symposium on corrosion. The symposium is the Chapter's annual education event and provides Chapter members and any other interested parties to improve their knowledge and network on the current topic.

Location: Ohio Aerospace Institute, 22800 Cedar Point Rd. Brook Park, OH

Date: April 27, 2011

Time: 8:00AM-5:00PM

Audience: Engineers, Sales and Marketing People

Current Speaker Schedule:

1. Joe Payer - Overview of Corrosion and discussion of his new department
2. Jim Smialek - High Temperature Oxidation and Corrosion
3. Brenda Trautman - Corrosion Issues for Plumbing Fixtures
4. Colin Drummond - Bio-corrosion Issues for Implants
5. Matt Apanius - Corrosion in the Electronics Industry
6. Dave Bowman and Brenda Little - Duluth Harbor Corrosion Issue
7. Scott Flowers - ASMI Corrosion Analysis Network

Exhibits: In addition to talks, companies are welcome to bring displays and literature highlighting their contributions to this and related fields.
